The Sh!t No One Tells You About Baby #2 Apr 30 2022 The third book in Dawn Dais's popular Sh!t No One Tells You series covers all a parent needs to know once the reality of having two children settles in. Around the time your first baby turns a year old your brain will turn on you. For reasons that are still not understood by science, the sleep

deprivation and postpartum hormones you barely survived with your first baby fade from memory and will be replaced with idyllic images of your growing child. This is when your brain, having officially lost all regard for your well-being, begins to fantasize about a second baby. And for the first time since becoming a parent these thoughts don't make you break out in hives. Before you know it, you are dressing your first child in "I'm Going to be a Big Sister!" T-shirts and catalog-shopping for bunk beds. This will be fantastic! But then that familiar morning sickness kicks in. And your adorable 18-month-old transforms into a two-year-old terror. That's when those hives start to return. With Dawn Dais's trademark witty banter, *The Sh!t No One Tells You About Baby #2* includes chapters such as "You Have Officially Lost Control of the Situation," "Siblings Aren't Nearly as Adorable as You Imagined," "You'll Have a Favorite," and "Having Kids Looks a Lot Easier on TV."

***The Sh!t No One Tells You* Jun 01 2022 A laugh-out-loud guide to the first year of motherhood, filled with helpful advice and wisdom from real moms and dads who aren't at all afraid to tell it like it is. There comes a time in every new mother's life when she finds herself staring at her screaming, smelly "bundle of joy" and wishing someone had told her that her house would reek of vomit, or that she shouldn't buy the cute onesies with a thousand impossible buttons, or that she might cry more than the baby. Best-selling author Dawn Dais, mother of two tiny terrors, is convinced that there is a reason for this lack of preparedness. She believes that a vast conspiracy exists to hide the horrific truth about parenting from doe-eyed expectant mothers who might otherwise abandon their babies in hospitals and run for it. Eschewing the adorableness that oozes out of other parenting books, Dais offers real advice from real moms—along with hilarious anecdotes, clever tips, and the genuine encouragement every mom needs in order to survive the first year of parenthood. *The Sh!t No One Tells You* is a must-have companion for every new mother's sleepless nights and poop-filled days.**

***Hot and Bothered* Jul 10 2020 From the New York Times bestselling author of *How Not to Hate Your Husband After Kids* comes a deeply researched and incredibly entertaining guide to navigating the still-taboo topic of menopause. When Jancee Dunn hit her mid-40s, she was bombarded by seemingly random symptoms: rampant insomnia, spring-loaded nerves, weirdly dry mouth, and Rio Grande-level periods. After going to multiple doctors who ran test after fruitless test, she was surprised to finally discover the culprit—perimenopause. For more than two decades, Jancee had been reporting on mental and physical health. So if she was unprepared for this, what about all the women who don't write about health for a living? *Hot and Bothered* is the book she wishes existed as she was scrambling for information: an empowering, research-based guide on how women can tackle this new stage of life. Menopause isn't a disease, but a natural, normal life transition. Why, then, are we still speaking in whispers about something that affects half the earth's population? Dunn issues a call to action: Gen X, let's do midlife better. Through in-depth interviews with renowned menopause experts and trusted authorities, Dunn peels back the layers on this still-mystifying topic with her trademark humor and unpacks the science on both hormonal and non-hormonal treatments. She'll provide actionable ways to get better sleep, sex, moods, mental clarity, and skin; detail the latest treatments for hot flashes; and explore the best ways**

stop “peezing” (that would be peeing when you sneeze, thanks to your new urinary issues). Dunn’s clear, easy-to-follow advice will help you reclaim yourself—and fully embrace life’s next chapter.

The Sh!t No One Tells You About Toddlers Aug 03 2022 They're getting bigger. And you're not getting any more sleep. No One Tells You This Nov 06 2022 Featured in multiple “must-read” lists, No One Tells You This is “sharp, intimate...A funny, frank, and fearless memoir...and a refreshing view of the possibilities—and pitfalls—personal freedom can offer modern women” (Kirkus Reviews). If the story doesn’t end with marriage or a child, what then? This question plagued Glynnis MacNicol on the eve of her fortieth birthday. Despite a successful career as a writer, and an exciting life in New York City, Glynnis was constantly reminded she had neither of the things the world expected of a woman her age: a partner or a baby. She knew she was supposed to feel bad about this. After all, single women and those without children are often seen as objects of pity or indulgent spoiled creatures who think only of themselves. Glynnis refused to be cast into either of those roles, and yet the question remained: What now? There was no good blueprint for how to be a woman alone in the world. It was time to create one. Over the course of her fortieth year, which this “beguiling” (The Washington Post) memoir chronicles, Glynnis embarks on a revealing journey of self-discovery that continually contradicts everything she’d been led to expect. Through the trials of family illness and turmoil, and the thrills of far-flung travel and adventures with men, young and old (and sometimes wearing cowboy hats), she wrestles with her biggest hopes and fears about love, death, sex, friendship, and loneliness. In doing so, she discovers that holding the power to determine her own fate requires a resilience and courage that no one talks about, and is more rewarding than anyone imagines. “Amid the raft of motherhood memoirs out this summer, it’s refreshing to read a book unapologetically dedicated to the fulfillment of single life” (Vogue). No One Tells You This is an “honest” (Huffington Post) reckoning with modern womanhood and “a perfect balance between edgy and poignant” (People)—an exhilarating journey that will resonate with anyone determined to live by their own rules.

No One Told Me Not to Do This Nov 25 2021 One of Indie Rock's Best Poster Artists (Pitchfork) "Ryan has been making strange little creatures since the mid-'90s, most often for bands in the Chicago area looking to promote concerts with something splashier than a Xeroxed flyer. His work is unmistakable: Whether it's a bunch of animals cozied up under the covers or a smashed-up satellite advertising a Hum reunion, there's nothing else exactly like it (and nothing nearly as charming)." --The A.V. Club, staff pick "Whether his subjects are whales, bears, mastodons, astronauts, dinosaurs, or his dilapidated garage, they're rendered in warm colors, bold lines, and an instantly recognizable, beguiling and cartoonish style. If you lack sufficient wall space for another dozen of Ryan's posters, get this." --The Big Takeover "The third collection of Ryan's screen-printed work, covering 2009–2015, includes more than 50 band posters (Andrew Bird, Sonic Youth, St. Vincent) plus several festival posters." -- Publishers Weekly "A new select collection of recent poster and commercial work of artist Jay Ryan - someone whose crazy skills really do put the GREAT in 'greatest hits.' It's rock poster art, alt-movie poster art and more." --Atomic Books Comic Preview, Largehearted Boy "[The book] features Ryan's colorful and distinctive artwork, most of which are concert posters, including those for shows by queer artists including Bob Mould and St. Vincent." -- Living Out LI "An exceptional guide to not just Jay Ryan's art, but to the process involved in making superior screenprints." --Donovan's Literary Services, a Prime Pick This third collection of Ryan's "greatest hits" features prints made between 2009 and 2015, including posters for bands such as Andrew Bird, Shellac, My Morning Jacket, Sonic Youth, Dinosaur Jr., Hum, St. Vincent, and others, as well as posters featuring Lil BUB, Cards Against Humanity, various bicycle races, film screenings, and pictures of sloths, walruses, and other mammals in states of troubled sleep. With a foreword by master illustrator Aaron Horkey, this volume comprises two hundred screenprints with commentary and original drawings used in the screenprinting process.

No One Told Me Marriage Is A Ministry Feb 26 2022 Marriage, no one showed me, no one counseled me, no one told me, it would be like this. Why, why, why, did I have to learn the hard way that marriage is a ministry? One night after a huge fight I was done; my bags were packed and I was leaving. But God said, "No!" I asked God, "Why didn't someone tell me about marriage?" He said, "You didn't ask." As you read this book you will get a deeper understanding of the four phases of marriage and what it takes to minister to each other through each phase. About the Author Dr. Francine Dent is an anointed woman of God. She's dedicated to doing and abiding in the will of God as a woman, wife, mother, grandmother, counselor, teacher, pastor, and author. She is married to Pastor L. Alphonso Dent, a wonderful godly man of faith. Her ministry began in 1978, having served on a variety of auxiliaries until she was called to ministry in

February 1986 and began teaching, preaching, and conducting women's retreats and workshops. Many have been blessed, healed, and delivered from New York to Georgia. Dr. Dent's greatest accomplishment, other than preaching, has been developing and implementing a four-year Biblical Counseling Training Program, CEO of Agape Christian Counseling and Crisis Center, and becoming an author. She attended Northern Virginia Community College, Prince George's Community College, Washington Bible College for her undergraduate studies, and Faith Christian University and Schools, where she completed her Master's and PhD in Philosophy in Christian Counseling. She is also a Licensed Professional Christian Therapist. Dr. Dent published her first book in 2011 entitled *No More Chains Holding Me*. Through her book, *No More Chains Holding Me*, she addresses how to break the chains of physically, emotionally, and verbally abused, and give hope to those who yet stayed and stayed thinking there will never be a way out. She explains how to get free, and be free in Christ, who has made us free. Her second book is *Heart to Heart Meditations*, which is comprised of daily devotions written by her deceased mother and her to not only inspire the readers but also allow them to reflect on what the message means through a series of questions.

No One Told Me I Couldn't Jan 28 2022 Welcome to "No one told me I couldn't." This is a collection of short, fictional stories about ordinary people with exceptional natural abilities. This book contains 10 stories that I call "believable science fiction." Each story is unique by itself and I hope you will find them entertaining. The first story is called "A Blue Feather Fell From the Clouds." It tells the story of intrigue between several teen athletes and a special blue jay. The rest of the book is filled with mystery and suspense in stories about Sea Turtles and an electrifying rattlesnake. Meet a cold, vicious crystal-alien escapee. There is something for everyone this time around . When I began writing this book, I decided to write about the nature of people and how easy it is to make a difference. Sometimes that difference changes a person for better or worse. If you enjoy wholesome entertainment, curl up on the couch and begin reading.
