Costing for the Fashion Industry Understanding Financial Accounts

Frank Wood's Business Accounting 1 Nov 05 2022

"This textbook has been written so that a very thorough introduction to accounting is covered in two volumes. The split into two volumes is made in recognition of the fact that many students will find all that they require in the first volume. This textbook on book-keeping and accounting continues to provide indispensable introduction for students and professionals across the globe. In the 13th edition all topics have been fully updated. This includes key areas such as computerised accounting and banking, as well as accounting concepts and assumptions. With a brand new Chapter 2 on double-entry, and more than 100 new review questions and activities, this edition contains all you need to understand and consolidate the key concepts in accounting."--
