The Philosophers of the Ancient World Sep 28 2019 This fascinating book contains information on over 2,300 ancient Western philosophers, from Abammon to Zoticus. Covering the period from the seventh century BC to the seventh century AD, it brings together the extremely well-known and the thoroughly obscure. Those already familiar with ancient philosophy will find it an invaluable and handy work of reference with a breadth of coverage that far exceeds any other single-volume work on the subject. Those new to the subject will find it a useful introduction. The ideas of the major thinkers are summarised and an historical overview of ancient philosophy allows them to be placed in their proper context. The book also provides useful background reading for anyone interested in the ancient world who wants to find out more about its intellectual life. A minimum of philosophical jargon ensures its accessibility to a wide audience. As in ancient histories of philosophy, there is also a modest amount of gossip.

B is for Bauhaus Jan 01 2020 Tells you what you need know about everything from Authenticity to Zips. This book is about what makes a Warhol a genuine fake; the creation of national identities; the mania to collect.

Aphrodisiacs May 17 2021 Aphrodisiacs is a fun and sexy romp through the world of natural libido enhancers, perfect to keep at your bedside table or even in the kitchen! Throughout centuries, all over the world, men and women have used food, oils, scents, ointments, and charms to have hotter sex, and the list goes beyond oysters and chocolate: Mango: believed in India to heighten sex drive and stamina Avocado: a popular sexual stimulant among the Spanish conquistadors Hashish: renowned in Morocco for releasing inhibitions and increasing sensation Arabian coffee: loved by African Sufis for its invigorating effect Cardamom: tea brewed from this sultry spice is said to have aphrodisiac qualities And many more! This comprehensive, colorful guide details the scandalous hidden histories behind hundreds of nature's most powerful libido boosters. It is sure to bring pleasure and excitement to your love life, whether you're looking to spice things up with your lover or are curious about what sexy surprises are already waiting in your kitchen cupboard.

An A-Z of Community Care Law Jun 29 2022 Mandelstam breaks this complex subject down into individual terms, then explains the legal and practical implications of each term in plain language, enabling readers to explore specific issues quickly and concisely.

Grow & Cook Jul 07 2020 The content of this book originally appeared in *The New Kitchen Garden*, published in 2015. 'An endless selection of delicious produce you can plant, grow and then cook with.' Raymond Blanc OBE Now you can create your own delicious edible garden at home! More and more people are being inspired to grow a little of what they eat at home. But while starting your own kitchen garden may seem like a daunting task at first, *Grow & Cook* makes it easy. Award-winning author and gardener, Mark Diacono, has distilled years of

knowledge into this pocket-sized book. Whether you are new to gardening and only have a small window box or you are much more experienced with the space to experiment, this user-friendly handbook will inspire and help you. Mark is here to show you that there are plenty of options for everyone and lots of exciting new varieties to discover. Each variety in the book includes a wealth of information on when to sow, growing tips, potential problems, harvesting and plenty more. There are hundreds of varieties to pick from that can be grown and then used in your kitchen. Mark separates the growing guides into three groups: * Vegetables * Fruit & Nuts * Herbs & Spices Whatever you choose to grow should suit your lifestyle. You might prefer something tough and sturdy that doesn't need too much love or time commitment, or you might get pleasure from the steady graft of looking after your veg patch. Whichever your circumstances, your kitchen garden should bring you joy both in the growing process and then in the kitchen. *Grow & Cook* is the essential pocket guide for modern gardeners.

French's Index of Differential Diagnosis, 1 An A-Z Dec 24 2021 For nearly a century, French's Index of Differential Diagnosis has been unparalleled in providing the clinician with invaluable assistance in quickly and correctly diagnosing a disease from a whole range of presenting symptoms. How to be a Cyclist May 05 2020 In what could be the most middle-class uprising in history, a million middle-aged-men-in-Lycra are taking to the streets of Britain. *How to be a Cyclist* has been created with love, affection and understanding for the M.A.M.I.L. We get how it feels to believe you look like Eddy Merckx only to catch a glimpse of your reflection in a shop window and sadly realise it's more Eddie the Eagle. But we also understand what it feels like to sit in the pub waiting for your Sunday roast surrounded by bleary-eyed Observer readers who've just got up, when you've already ridden over the Horseshoe Pass that morning. With wise words and inspirational original photography, Phil Ashley and John Deering will guide you through a world where snobbery and etiquette rule. *How to be a Cyclist* is a ruthless authoritative voice that you can rely upon to see you right. Never again will you be humiliated because you have your helmet on back to front ...

Sports Culture Nov 03 2022 *Sports Culture* examines individual issues people, artefacts, events and organizations in their historical, social and cultural contexts. Coverage is wide-ranging with more than 170 entries.

An A-Z of Jane Austen Feb 11 2021 Jane Austen's richly textured worlds have enchanted readers for centuries and this neatly organised, playful book provides Austen enthusiasts and students alike with a unique insight into the much-loved writer's way with words. Using a lively A-Z structure, Greaney provides fresh angles on familiar Austen themes (D is for dance; M is for matchmaking), casts light on under-examined corners of her imagination (R is for risk; S is for servant), and shows how current social and cultural concerns are re-shaping our understanding of her work (Q is for queer; W is for West Indies). Through this approach, we learn how attention to the tiniest linguistic detail in Austen's work can yield rewarding new perspectives on the achievements of one of our most celebrated authors. Sharply focused on textual detail but broad in scope it broaches questions that, like Austen's work, will intrigue, delight and inspire: Why are children so marginal in her storylines? Who is the best exponent of matchmaking in her fiction? Why are many of her female characters – but none of her heroines – called Jane? Providing a new close-up encounter with one of our most celebrated writers, this book invites a renewed appreciation of the infinite subtlety and endless re-readability of a body of writing in which every word counts.

The A-Z of Pasta Sep 08 2020 A wide-ranging, inspiring and generous guide to pasta, by the award-winning food writer and Guardian columnist Rachel Roddy This is a story of pasta. In it, Guardian columnist and award-winning food writer Rachel Roddy condenses everything she has learned about Italy's favourite food in a practical, easy-to-use and mouth-watering collection of over 120 essential pasta and sauce recipes. Short essays weave together the history, culture and the everyday life of pasta shapes from the tip to the toe of Italy. There is pasta made with water, and pasta with egg; shapes made by hand and those rolled by machine; the long and the short; the rolled and the stretched; the twisted and the stuffed; the fresh and the dried. *An A-Z of Pasta* suggests how to match pasta shapes with sauces, and how to serve them. The recipes range from the familiar - pesto, rag and carbonara - to the unfamiliar (but thrilling)- ziti with onion and beef, scialatielli with sea bass and lemon; capelli d'angelo with leeks and saffron. This is a mouthwatering guide to pasta from one of the best food writers of

our time.

An A-Z of Modern Europe Since 1789 Oct 10 2020 An A-Z of Modern Europe 1789-1999 is a comprehensive dictionary which defines modern Europe through its important events and people. It includes entries on: * key people from Napoleon Bonaparte to Hitler * key political and military events * influential political, social, cultural and economic theories. An A-Z of Modern Europe 1789-1999 offers accessible and concise definitions of nearly 1000 separate items. The book is cross-referenced and thus provides associated links and connections while the appendices contain essential extra information. The book contains five helpful maps to guide the reader along.

French's Index of Differential Diagnosis An A-Z 1 Oct 22 2021 First published in 1912, French's Index of Differential Diagnosis helps clinicians in the differential diagnosis of any condition which may be seen in hospital or general practice. Arranged alphabetically by symptom, the text helps readers identify each presentation, describes the different diagnoses that it could represent, and explains the tests

The Model Manifesto Jun 25 2019 For such a beautiful industry, there is a lot of ugly behind the scenes in modelling. Exploitation has always existed in the fashion industry, because it is so aspirational. By cutting through the smoke and mirrors, The Model Manifesto empowers and educates models to take control of their lives into their own hands and educates the public on the reality of what's involved in modelling. Leanne Maskell has drawn on her 13 years of experience working as an international model together with her legal background to create this easy-to-understand, A-Z guide in order to end exploitation of vulnerable models and wanna-be models. With contributions from top industry experts, The Model Manifesto includes solid advice on everything from mental health issues to paying tax. It covers every aspect of the modelling industry in detail to give an honest and realistic insider view, covering both the highs and the lows. The way to end the exploitation and the ugly in the industry is by education, awareness and building change from the inside out.

Aromatherapy Jul 19 2021 This is the most up-to-date encyclopaedia of aromatherapy available today, with over 400 entries covering more than 200 conditions, and 82 essential oils. It explains the properties of essential oils and the health conditions that benefit from them. There is also advice on hazardous oils.

An A-Z of Feminist Theology Apr 27 2022 This exciting volume brings together a wide range of perspectives on one of the most important and challenging areas of modern theology. There are entries on all the major themes of Christian feminist theology, including models of God and of the Church, ethics and spirituality, sexuality and liberation. Many of the entries push their respective discussions beyond the rigid boundaries of previous theological discourse. Together they present the far-reaching concerns of feminist theology in an accessible and stimulating way. The compendium is both a resource and an inspiration for scholars and students of feminist theology and for all those who are interested in this field of reflection and activity.

Essential English Mar 03 2020 Essential English is a personal assistant. It lists in an easy-to-use A'Z format the terminology used in the senior English classroom. It is an invaluable personal resource and a ready reference designed to help your students' memory when texts are being read, analysed, critiqued; when essays and extended answers are being considered, prepared and written. This is not a teaching textbook, but a reference book; use it in the way that suits your classroom best. There are empty spaces for your students to add any notes or additional terms you would like them to have. Use Essential English to make your students' work more precise, detailed and perceptive.

Healthy Food for Happy Kids Nov 30 2019 Answers parents' questions on feeding their children and offers numerous ways to make good nutrition fun. In an A-Z format, topics include cooking with the minimum preparation time, fussy eaters and childhood allergies. This guide also offers ideas for interesting lunch boxes and healthy picnics.

An A-Z of Food and Drink Dec 12 2020 Gives the origin and meaning of a wide variety of food terms, including historical and literary references and related uses, both British and American.

The Spice Book Aug 27 2019 A directory of 85 spices and blends, and 100 tempting spicy recipes, with photographs throughout.

An A-Z of Jane Austen Jun 17 2021 Jane Austen's richly textured worlds have enchanted readers for centuries and this neatly organised, playful book provides Austen enthusiasts and students alike with a unique insight into the much-loved writer's way with words. Using a lively A-Z structure, Greaney provides fresh angles on familiar Austen themes (D is for dance; M is for matchmaking), casts light on under-examined corners of her imagination

(R is for risk; S is for servant), and shows how current social and cultural concerns are re-shaping our understanding of her work (Q is for queer; W is for West Indies). Through this approach, we learn how attention to the tiniest linguistic detail in Austen's work can yield rewarding new perspectives on the achievements of one of our most celebrated authors. Sharply focused on textual detail but broad in scope it broaches questions that, like Austen's work, will intrigue, delight and inspire: Why are children so marginal in her storylines? Who is the best exponent of matchmaking in her fiction? Why are many of her female characters – but none of her heroines – called Jane? Providing a new close-up encounter with one of our most celebrated writers, this book invites a renewed appreciation of the infinite subtlety and endless re-readability of a body of writing in which every word counts.

An A-Z of Counselling Theory and Practice Feb 23 2022 The broad perspective, multidisciplinary approach of the second edition makes it invaluable in the counselling context at any level. It is comprehensive enough for full-time counsellors and students but it is also a resource for health care professionals for whom counselling is an intrinsic component of their practice.

An A-Z of Modern America Mar 27 2022 An A-Z of Modern America is a comprehensive cultural dictionary which defines contemporary America through its history and civilization. The book includes entries on: key people from presidents to Babe Ruth American life, customs, clothing and education legal, religious and governmental practices multiculturalism, minorities and civil rights An A-Z of Modern America offers accessible and lively definitions of over 3,000 separate items. The book is cross-referenced and thus provides associated links and cultural connections while the appendices contain essential extra information on American institutions, structures and traditions.

An A-Z Guide to Food Additives Apr 15 2021 Cochineal extract, diacetyl, tertiary butylhydroquinone, BHA, HFCS, MSG--it's not just knowing how to pronounce what's in your food, it's knowing what it does and how it can affect you that matters most. But with so many processed foods on the supermarket shelves and additives showing up in the most unlikely foods, that's certainly a tall order. An A-Z Guide to Food Additives will help consumers avoid undesirable food additives and show them which additives do no harm and may even be nutritious. Designed to fit in a purse or pocket, this little book will serve as an "additive translator" when navigating through the landmine field of additives or ingredients that may cause allergic reactions like headaches, fatigue, and breathing difficulties or those that cause bloating or make one hyperactive. Included are safety ratings to 300 ingredients and reference charts of such additives as those that may potentially cause cancer or allergic reactions or that should be limited for sodium-sensitive individuals. There is also essential nutrition advice, hints on what to look for when reading those unreadable ingredient labels, and even tips on buying fresh produce in order to avoid pesticides. * The average American consumes about 150 pounds of food additives per year. * Safety ratings on over 300 ingredients -- all based on the latest scientific evidence. * Formatted for easy reference and small enough to carry along to the supermarket.

Happy About The Career Alphabet Apr 03 2020 "Happy About the Career Alphabet" is an A-to-Z career primer that delivers thought-provoking, educational, enlightening, inspirational, and motivational tweet-sized tips to help job seekers become and stay competitive in today's job-search jungle.

Nature's Building Blocks Oct 02 2022 'Nature's Building Blocks', aimed at readers with or without a scientific background, provides a readable, informative entry on each one of the 115 chemical elements, arranged alphabetically from actinium to zirconium.

Raw Juices Can Save Your Life Sep 20 2021 The A - Z Guide to juicing and natural therapies which contains carefully designed juices by Sandra Cabot MD and Audrey Tea The A - Z Guide to juicing and natural therapies guide which contains carefully designed juices by Sandra Cabot MD and Audrey Tea. Often in this technological age where computers diagnose diseases and perform surgery, we tend to minimise natural therapies. It seems incredulous that the simple act of drinking raw juices could turn around severe diseases, however I have seen it work in otherwise hopeless cases. In this book you will learn that juices are easily digested and absorbed and are superb for those with a poor appetite, nausea, digestive problems and an inflamed stomach or intestines. It is so much easier to drink a juice than chew your way through large amounts of fibrous raw vegetables, especially if you are feeling fatigued and disinterested in food. Modern day medicine is focused on treating the symptoms of disease with suppressive drugs. Sometimes this is necessary when a disease is very aggressive and acute in onset,

however raw juice therapy is something that should always be used, even in conjunction with drug use. I have seen many of my patients recover from chronic disease after they started juicing, and this has been after they have tried many other things. People of all ages can benefit from juicing, especially the very young and old, or those with serious disease such as cancer, immune dysfunction and liver problems.

Complete Handbook of Quantum Healing Nov 10 2020 This book brings together two seemingly disparate worlds: the world of hard, evidence-based science and the world of experientially-based healing to provide a multipronged approach to self-healing ailments. The A-to-Z format makes reference easy. For each of over 100 health issues, you'll find seven healing options that can help readers activate their inner healing resources ranging from food and dietary strategies to powerful meditation techniques and from time-tested flower essences to ways of invoking "power animals." For some ailments, readers may need just one option, for others, two or three, and sometimes all seven approaches as they try to deal with difficult problems to achieve long-term relief.

ADHD an A-Z Sep 01 2022 Navigating the world with an ADHD brain can be exhausting. The rollercoaster ride from clinical assessments through diagnosis to treatment can leave you feeling anxious and isolated, worried about failing or feeling different. This handy guide is here to change all that. If you have (or suspect you have) ADHD, you'll know the frustration of being given neurotypical or clinical advice - but this is straight from an ADHD brain to you. The accessible A-Z format, covering everything from burnout and finances to time management and relationships, gives you the tips and confidence you need to reach your full potential. It empowers you to understand why ADHD brains work the way they do and how to harness your unique mind to think creatively and overcome any hurdle life throws at you. Easy to digest and full to the brim with practical life advice including budgeting plans for impulsive spending, advice on rejection sensitive dysphoria and ways to relax, this book provides everything you need to feel confident and supported through your ADHD diagnosis and beyond.

An A-Z Collection of Behaviour Tales Oct 29 2019 Telling the right story at the right time can help children face challenges and change behavior. All 42 stories in this book begin with an undesirable or out-of-balance situation. Then, through metaphor and an imaginative story journey, they lead to a more desirable resolution. The stories also have the potential to nurture positive values. Following the alphabet from A to Z, each behavior is identified in the story title: angry, anxious, bullying, demanding, fussy, greedy, jealous, loud, obnoxious, quibbling, uncooperative, and so on. The stories, some humorous, some serious, are especially relevant for children aged three to nine years--and the child in every adult! They are for telling and adapting: turn them into home-made picture books or puppet shows, or even create new tales from them.

The Dickens Dictionary Aug 08 2020 For fans new and old, an enjoyable tour through the world of Dickens in the hands of a master critic. Charles Dickens, the 'Great Inimitable', created a riotous fictional world that still lives and breathes for thousands of readers today. But how much do we really know about the dazzling imagination that brought all this into being? For the bicentenary of Dickens' birth, Victorian literature expert John Sutherland has created a gloriously wide-ranging alphabetical companion to Dickens' work, excavating the hidden links between his characters, themes, and preoccupations, and the minutiae of his endlessly inventive wordplay. Covering America, Bastards, Childhood, Christmas, Empire, Fog, Larks, London, Madness, Murder, Orphans, Pubs, Punishment, Smells, Spontaneous Combustion and Zoo to name but a few - John Sutherland gives us a uniquely personal guide to the great man's work. Excerpt: HANDS; Every Dickens novel has a master image. In *Our Mutual Friend* it is the river. In *Bleak House* it is the fog. In *Little Dorrit*, it is the prison. In *Great Expectations* it is the hand. We often know much more about the principals' hands in that novel than their faces. Who, when the name Magwitch is mentioned, does not think of those murderous 'large brown veinous hands'? Jagers? One's nose twitches---scented soap (the lawyer, like Pontius Pilate, is forever washing his hands). Miss Havisham? Withered claws. So it goes on...

French's Index of Differential Diagnosis, 15th Edition An A-Z Mar 15 2021 For nearly a century, French's Index of Differential Diagnosis has been unparalleled in providing the clinician with invaluable assistance in quickly and correctly diagnosing a disease from a whole range of presenting symptoms. Arranged alphabetically by symptom, the text helps readers identify each presentation, describes the different diagnoses that it could represent, and explains the signs and tests used to make a diagnosis. Colour photographs of the highest quality have been included to help aid diagnosis at a glance. Highlights: Completely updated and revised with

contributions from key clinical specialists More than 600 high-quality photographs to aid rapid diagnosis Clear presentation and well-organised text with alphabetical structure, allowing instant access to information Differential diagnoses presented in clear lists and tables to aid rapid reference The fifteenth edition of this essential text offers a succinct and well-illustrated aide-memoire that will be indispensable to trainee and established doctors in both general and hospital practice, as well as an invaluable reference for medical students.

An A-Z of Genetic Factors in Autism Jan 25 2022 Our understanding of the biological bases to the autistic spectrum disorders (ASDs) is advancing rapidly. Over 80 genetic conditions have now been reported in people who have also been diagnosed with ASDs. Many of these conditions have specific implications for the presenting phenotype and for treatment, management, and intervention. If the basis to the presenting behavioural phenotype is not identified, this can result in a sub-optimal level of care, complications, or even permanent damage. Kenneth J. Aitken shows that the notion of a single condition known as 'autism' is no longer tenable, and challenges current trends in the diagnosis and management of these behaviours as a homogenous group by drawing on recent research into brain function, genetics, epidemiology and neurology. This volume explains the biology and genetics of ASD, and provides clinicians and researchers with a comprehensive summary of each genetic factor including the research that links it to ASD, diagnosis and treatment issues, and related animal models, as well as detailing relevant professional organisations and avenues for further research. *An A-Z of Genetic Factors in Autism* is an essential resource for a wide range of researchers, clinical professionals and students interested in autism spectrum disorders, including clinical and educational psychologists, dieticians, psychiatrists, and neurologists.

English Grammar Today Jun 05 2020

The Dictionary of Mythology Jul 27 2019 Who was Artemis and what part did she play in the battle of the Giants? Who was the whale-monster Qaqwaii and how did he hunt his prey? This dictionary of mythology is a wonderful and invaluable reference guide to the various myths and legends from across the globe. Dip into this A-Z guide to discover the names of devious gods, enchanted objects and ancient cities, as well as the cultures that these tales originate from. These myths are taken not only from the familiar Greek, Roman and Norse traditions but also Mesopotamian, Haitian, Tibetan, Native American and many more. Painstakingly researched over 25 years, this incredible resource provides more than just scholarly information but also showcases the staggering creativity and imagination of our ancient belief systems. This beautiful hardback edition is presented in a handsome slipcase, making a perfect collectable or gift for any mythology enthusiasts.
