Tolkien's Lost Chaucer
Nov 25 2021 Tolkien's Lost Chaucer uncovers the story of an unpublished and previously unknown book by the author of The Lord of the Rings. Tolkien worked between 1922 and 1928 on his Clarendon edition Selections from Chaucer's Poetry and Prose, and though never completed, its 160 pages of commentary reveals much of his thinking about language and storytelling when he was still at the threshold of his career as an epoch-making writer of fantasy literature. Drawing upon other new materials such as his edition of the Reeve's Tale and his Oxford lectures on the Pardoner's Tale, this book reveals Chaucer as a major influence upon Tolkien's literary imagination.
Ovid's Art and the Wife of Bath
Oct 25 2021 "In The Blue Eagle at Work, Charles J. Morris, a renowned labor law scholar and preeminent authority on the National Labor Relations Act, uncovers a long-forgotten feature of that act that offers a new approach to the revitalization of the American labor movement and the institution of collective bargaining. He convincingly demonstrates that in private-sector nonunion workplaces, the Act guarantees that employees have a viable right to engage in collective bargaining through a minority union on a members-only basis. As a result of this startling breakthrough, American labor relations may never again be the same. Morris's underlying thesis is based on a meticulous analysis of statutory and decisional law and exhaustive historical research." "The Blue Eagle at Work, which is clear and accessible to general readers as well as specialists, is an essential tool for labor-union officials and organizers, human-resource professionals in management, attorneys practicing in the field of labor and employment law, teachers and students of labor law and industrial relations, and concerned workers and managers who desire to understand the law that governs their relationship." --Book Jacket.

The Warrior's Runaway Wife
Oct 05 2022 The notorious Lord of Roul... ..must take her as his bride! Lady Avelyn flees an unwanted betrothal to an elderly warlord only to be hunted down and returned to King David's court by fearsome Eirik, Lord of Roul, a legendary warrior with a heart of ice—and a kiss of fire. And now Avelyn is bound to Eirik—and his bed—when Eirik is commanded to wed her instead! "Another sensual, action packed tale" — RT Book Reviews on At the Warrior's Mercy "Lynn has real talent" — RT Book Reviews on Dragon's Promise

Daughters of London
Apr 30 2022 From an examination of medieval London's Husting wills, Daughters of London offers a new framework for considering urban women's experiences as daughters. The wills reveal daughters equipped with economic opportunities through bequests of real estate and movable property.

Historians on Chaucer
Sep 23 2021 As literary scholars have long insisted, an interdisciplinary approach is vital if modern readers are to make sense of works of medieval literature. In particular, rather than reading the works of medieval authors as addressing us across the centuries about some timeless or ahistorical 'human condition', critics from a wide range of theoretical approaches have in recent years shown how the work of poets such as Chaucer constituted engagements with the power relations and social inequalities of their time. Yet, perhaps surprisingly, medieval historians have played little part in this 'historical turn' in the study of medieval literature. The aim of this volume is to allow historians who are experts in the fields of economic, social, political, religious, and intellectual history the chance to interpret one of the most famous works of Middle English literature, Geoffrey Chaucer's 'General Prologue' to the Canterbury Tales, in its contemporary context. Rather than resorting to traditional historical attempts to see Chaucer's descriptions of the Canterbury pilgrims as immediate reflections of historical reality or as portraits of real life people whom Chaucer knew, the contributors to this volume have sought to show what interpretive frameworks were available to Chaucer in order to make sense of reality and how he adapted his literary and ideological inheritance so as to engage with the controversies and conflicts of his own day. Beginning with a survey of recent debates about the social meaning of Chaucer's work, the volume then discusses each of the Canterbury pilgrims in turn. Historians on Chaucer should be of interest to all scholars and students of medieval culture whether they are specialists in literature or history.

The Good Wife Taught Her Daughter
Jun 08 2020

Between Poverty and the Pyre
Mar 06 2020 Between Poverty and the Pyre examines the history of the experience of widowhood across different cultures. It brings together a collection of essays by historians, anthropologists and philologists. The book shows how difficult it is to define the 'typical' widow, as the experiences of these women have differed so widely, not simply because of their different time periods and locations, but also because of their varying legal and religious status and economic conditions. The study is diverse with subjects ranging from: "Hindu wives who followed their husbands to the pyre *widows who were burned as witches *and widows who had to become prostitutes to stay alive. The book also explores Jesus's interest in widows and the experience of some well-known widows, such as Mohammed's first wife.

Performing Polity
Oct 01 2019 Reading a variety of texts centred in the power and agency of women during the period 1385 to 1620, this book examines changing ideals of gender within the context of changing ideologies of governance and polity. Together the essays that comprise this book lay out three lines of thinking about women and polity: that the ideology of late medieval gender roles articulated in Anglo-French texts of the late fourteenth and early fifteenth centuries outlined important roles for women's voice and agency in supporting the larger polity as well as the smaller household; that the acceptance and the value of those roles diminished as models of polity in both Church and State in England changed in the early modern period; that to see this change merely in terms of change in expectations of gender roles is to miss the vital link between the status of women and the political construction of individual relationship to authority. Woman is the site on which society delineates the degree of freedom and independence it will tolerate in the political subject. The attention directed to women's roles in the plethora of woman-centred stories, courtesy books, prayer books, sermons and tracts in the period 1385-1620 is an index to shifting alignments of power that replaced medieval models of partnership and co-operation with models of obedience.

The Wealth of Wives
Nov 06 2022 Introduction. Ch. 1: Daughter and Identities. Ch. 2: Education and Apprenticeship. Ch. 3: Heiresses, Dowry, and Dower. Ch. 4: The Formation of Marriage. Ch. 9: Servants, Casual Labor, and Vendors. Conclusion. Appendix I. Glossary. Notes. Bibliography

Husbands, Wives, and Concubines
Apr 18 2021 Emlyn Eisenach uses a wide range of sources, including the richly detailed and previously unexplored records of nearly two hundred marriage-related disputes from the bishop's court of Verona, to illuminate family and social relations in early modern northern Italy. Arguing against the common emphasis on the growth of law and government in this period, her study emphasizes the fluidity of the principles that governed marriage and its dissolution, and deepens our understanding of the patriarchal family and its complex relationship with gender and status during the sixteenth century. Peopled by characters from across the social spectrum of the city of Verona and its contado, Eisenach's study moves between stories about specific individuals—serving girls seeking honorable marriage through the unlikely route of concubinage, peasant men in search of independence from their fathers, and aristocratic wives seeking revenge against adulterous husbands—and broader analyses of social, economic, and geographical patterns of behavior. She shows how the Veronese at all social levels attempted to better their familial and personal fortunes by creatively molding wedding rituals to fit their particular circumstances, or engaging in the significant but until now little understood practices of concubinage, clandestine marriage, or informal marriage dissolution. Eisenach also evaluates the first half-century of religious reforms in Verona as the leading pre-Tridentine bishop Gian Matteo Giberti and his successors challenged common practices and understandings in sermons, treatises, confessionals, and court. Emphasizing the limitations of what the religious authorities could impose on the people, she explores how learned and popular notions of marriage, family, and gender shaped each other as they were put into action in the strategies of individual Veronese.

The Making of Biblical Womanhood
Dec 27 2021 USA Today Bestseller Christianity Today 2022 Book Award Finalist (History & Biography) "A powerful work of skillful research and personal insight."--Publishers Weekly Biblical womanhood--the belief that God designed women to be submissive wives, virtuous mothers, and joyful homemakers--permeates North American Christianity. From choices about careers to roles in local churches to relationship dynamics, this belief shapes the everyday lives of evangelical women. Yet biblical womanhood isn't biblical, says Baylor University historian Beth Allison Barr. It arose from a series of clearly definable historical moments. This book moves the conversation about biblical womanhood beyond Greek grammar and into the realm of church history--ancient, medieval, and modern--to show that this belief is not divinely ordained but a product of human civilization that continues to creep into the church. Barr's historical insights provide context for contemporary teachings about women's roles in the church and help move the conversation forward. Interweaving her story as a Baptist pastor's wife, Barr sheds light on the #ChurchToo movement and abuse scandals in Southern Baptist circles and the broader evangelical world, helping readers understand why biblical womanhood is more about human power structures than the message of Christ.

Fertility and Pleasure
Jul 10 2020 As their ubiquitous presence in Tokugawa artwork and literature suggests, images of bourgeois wives and courtesans took on iconic status as representations of two opposing sets of female values. Their differences, both real and idealized, indicate the full range of female roles and sexual values affirmed by Tokugawa society, with Buddhist celibacy on the one end and the relatively free sexual associations of the urban and rural lower classes on the other. The roles of courtesan and bourgeois housewife were each tied to a set of value-based behaviors, the primary institution to which a woman belonged, and rituals that sought to model a woman's

comportment in her interactions with men and figures of authority. For housewives, it was fertility values, promulgated by lifestyle guides and moral texts, which embraced the ideals of female obedience, loyalty to the husband's household, and sexual activity aimed at producing an heir. Pleasure values, by contrast, flourished in the prostitution quarters and embraced playful relations and nonreproductive sexual activity designed to increase the *bordello's* bottom line. What William Lindsey reveals in this well-researched study is that, although the values that idealized the role of wife and courtesan were highly disparate, the rituals, symbols, and popular practices both engaged in exhibited a degree of similitude and parallelism. Fertility and Pleasure examines the rituals available to young women in the household and pleasure quarters that could be employed to affirm, transcend, or resist these sets of sexual values. In doing so it affords new views of Tokugawa society and Japanese religion. Highly original in its theoretical approach and its juxtaposition of texts, Fertility and Pleasure constitutes an important addition to the fields of Japanese religion and history and the study of gender and sexuality in other societies and cultures.

London and Its Environs Mar 18 2021
Journal of Women's History Aug 30 2019

Unmarriages Aug 23 2021 The Middle Ages are often viewed as a repository of tradition, yet what we think of as traditional marriage was far from the only available alternative to the single state in medieval Europe. Many people lived together in long-term, quasimartial heterosexual relationships, unable to marry if one was in holy orders or if the partners were of different religions. Social norms militated against the marriage of master to slave or between individuals of very different classes, or when the couple was so poor that they could not establish an independent household. Such unions, where the protections that medieval law furnished to wives (and their children) were absent, were fraught with danger for women in particular, but they also provided a degree of flexibility and demonstrate the adaptability of social customs in the face of slowly changing religious doctrine. *Unmarriages* draws on a wide range of sources from across Europe and the entire medieval millennium in order to investigate structures and relations that medieval authors and record keepers did not address directly, either in order to minimize them or because they were so common as not to be worth mentioning. Ruth Mazo Karras pays particular attention to the ways women and men experienced forms of opposite-sex union differently and to the implications for power relations between the genders. She treats legal and theological discussions that applied to all of Europe and presents a vivid series of case studies of how unions operated in specific circumstances to illustrate concretely what we can conclude, how far we can speculate, and what we can never know.

Marriage, Sex and Family in Judaism Sep 11 2020 Marriage, Sex and Family in Judaism explores Jewish marriage from historical and contemporary perspectives, focusing on the religious and legal concepts of marriage, and the social impact of family in the Jewish community. The book does not advocate one perspective or another; instead, the essays range from conservative to liberal viewpoints, offering readers a well-balanced mixture of perspectives on Jewish marriage.

The Old Wife's Tale May 08 2020 New Mermaids are modern-spelling, fully-annotated editions of important English plays. Each volume includes a critical introduction, biography of the author, discussions of dates and sources, textual details, a bibliography and information about the staging of the play.

The Good Wife's Guide (Le Ménagier de Paris) Aug 03 2022 "You said that you would not fail to improve yourself according to my teaching and correction, and you would do everything in your power to behave according to my wishes." [Prologue] "I urge you to bewitch and bewitch again your future husband, and protect him from holes in the roof and smoky fires, and do not quarrel with him, but be sweet, pleasant and peaceful with him. Make certain that in winter he has a good fire without smoke and let him slumber, warmly wrapped, cozy between your breasts, and in this way bewitch him. In summer take care that there are no fleas in your bedroom or bed." "If just once you displease him you will have a difficult time ever appeasing him enough so that the stain of his anger does not remain engraved and written on his heart. Although he may not show it or mention it, your misdeed cannot soon be smoothed over and erased. Should a second act of disobedience occur, watch out for his vengeance..." "Gardeners say that rosemary seeds do not ever grow in French soil, but if you pluck little branches from a rosemary plant, strip them from the top downwards, take them by the ends and plant them, they will grow. If you want to send them far away, you must wrap the branches in waxed cloth, sew them up and then smear the outside with honey; then powder with wheat flour and you may send them wherever you wish." "But as soon as you arrive home, be diligent that you yourself or your men ahead of you, feed the dogs well, then give them fresh clean water in a basin to drink. Next have them put to bed on nice straw in a warm place, in front of the fire if they are wet or muddy, and let them always be held subject to the whip. If you act this way, they will not pester people at the table or sideboard and they will not get into the beds." "Since you must send Master Jehan to the butcher's shop, a list follows of the names of all the butchers' shops in Paris and the meats that they supply: At the Porte-de-Paris there are nineteen butchers who by common estimate sell weekly, if you average the busy season with the slow season: 1,900 sheep, 400 beefcattle, 400 pigs and 200 calves." —from *The Good Wife's Guide* In the closing years of the fourteenth century, an anonymous French writer compiled a book addressed to a fifteen-year-old bride, narrated in the voice of her husband, a wealthy, aging Parisian. The book was designed to teach this young wife the moral attributes, duties, and conduct befitting a woman of her station in society, in the almost certain event of her widowhood and subsequent remarriage. The work also provides a rich assembly of practical materials for the wife's use and for her household, including treatises on gardening and shopping, tips on choosing servants, directions on the medical care of horses and the training of hawks, plus menus for elaborate feasts, and more than 380 recipes. *The Good Wife's Guide* is the first complete modern English translation of this important medieval text also known as *Le Ménagier de Paris* (the Parisian household book), a work long recognized for its unique insights into the domestic life of the bourgeoisie during the later Middle Ages. *The Good Wife's Guide*, expertly rendered into modern English by Gina L. Greco and Christine M. Rose, is accompanied by an informative critical introduction setting the work in its proper medieval context as a conduct manual. This edition presents the book in its entirety, as it must have existed for its earliest readers. The *Guide* is now a treasure for the classroom, appealing to anyone studying medieval literature or history or considering the complex lives of medieval women. It illuminates the milieu and composition process of medieval authors and will in turn fascinate cooking or horticulture enthusiasts. The work illustrates how a (perhaps fictional) Parisian householder of the late fourteenth century might well have trained his wife so that her behavior could reflect honorably on him and enhance his reputation.

Army Wives Dec 03 2019 Most families have an army wife somewhere in their past. Over the centuries they have followed their men to the front, helped them keep order in far-flung parts of the empire or waited anxiously at home. *Army Wives* uses first hand accounts, letters and diaries to tell their story. We meet the wives who made the arduous journey to the Crimean war and witnessed battle at close quarters. We hear the story of life in the Raj and the, often terrifying, experiences of the women who lived through its dying days. We explore the pressures of being a modern army wife - whether living in barracks or trying to maintain a normal home life outside 'the patch'. In the twentieth century two world wars produced new generations of army wives who forged friendships that lasted into peacetime. *Army Wives* reveals their experience and that of a new breed of independent women who supported their men through the Cold War to the current war on terror. Midge Gillies, author of acclaimed *The Barbed-Wire University*, looks at how industrial warfare means husbands can survive battle with life-changing injuries that are both mental and physical - and what that means for their family. She describes how army wives communicate with their husbands - via letters and coded messages, to more immediate, but less intimate, texts and Skype. She examines bereavement, from the seances, public memorials and deaths in a foreign field of the Great War to the modern media coverage of flag-draped coffins returning home by military plane. Above all, *Army Wives* examines what it really means to be part of the 'army family'.

Philip Allan Literature Guide (for A-Level): *The Wife of Bath* Jul 02 2022 For study or revision, these guides are the perfect accompaniment to the set text, providing invaluable background and exam advice. Fallible Authors Jun 20 2021 Can an outrageously immoral man or a scandalous woman teach morality or lead people to virtue? Does personal fallibility devalue one's words and deeds? Is it possible to separate the private from the public, to segregate individual failing from official function? Chaucer addressed these perennial issues through two problematic authority figures, the Pardoner and the Wife of Bath. The Pardoner dares to assume official roles to which he has no legal claim and for which he is quite unsuited. We are faced with the shocking consequences of the belief, standard for the time, that immorality is not necessarily a bar to effective ministry. Even more subversively, the Wife of Bath, who represents one of the most despised stereotypes in medieval literature, the sexually rapacious widow, dispenses wisdom of the highest order. This innovative book places these "fallible authors" within the full intellectual context that gave them meaning. Alastair Minnis magisterially examines the impact of Aristotelian thought on preaching theory, the controversial practice of granting indulgences, religious and medical categorizations of deviant bodies, theological attempts to rationalize sex within marriage, Wycliffite doctrine that made authority dependent on individual grace and raised the specter of Donatism, and heretical speculation concerning the possibility of female teachers. Chaucer's Pardoner and Wife of Bath are revealed as interconnected aspects of a single radical experiment wherein the relationship between objective authority and subjective fallibility is confronted as never before.

Theater Acculturation-clApr 06 2020

Disability in the Middle Ages Nov 13 2020 What do we mean when we talk about disability in the Middle Ages? This volume brings together dynamic scholars working on the subject in medieval literature and history, who use the latest approaches from the field to address this central question. Contributors discuss such standard medieval texts as the Arthurian Legend, the Canterbury Tales and Old Norse Sagas, providing an accessible entry point to the field of medieval disability studies to medievalists. The essays explore a wide variety of disabilities, including the more traditionally accepted classifications of blindness and deafness, as well as perceived disabilities such as madness, pregnancy and age. Adopting a ground-breaking new approach to the study of disability in the medieval period, this provocative book will be a must-read for medievalists and scholars of disability throughout history.

Gods, Heroes, & Kings Mar 30 2022 The islands of Britain have been a crossroads of gods, heroes, and kings—those of flesh as well as those of myth—for thousands of years. Successive waves of invasion brought distinctive legends, rites, and beliefs. The ancient Celts displaced earlier indigenous peoples, only to find themselves displaced in turn by the Romans, who then abandoned the islands to Germanic tribes, a people themselves nearly overcome in time by an influx of Scandinavians. With each wave of invaders came a battle for the mythic mind of the Isles as the newcomer's belief system met with the existing systems of gods, legends, and myths. In *Gods, Heroes, and Kings*, medievalist Christopher Fee and veteran myth scholar David Leeming unearth the layers of the British Isles' unique folkloric tradition to discover how this body of seemingly disparate tales developed. The authors find a virtual battlefield of myths in which pagan and Judeo-Christian beliefs fought for dominance, and classical, Anglo-Saxon,

Germanic, and Celtic narrative threads became tangled together. The resulting body of legends became a strange but coherent hybrid, so that by the time Chaucer wrote "The Wife of Bath's Tale" in the fourteenth century, a Christian theme of redemption fought for prominence with a tripartite Celtic goddess and the Arthurian legends of Sir Gawain— itself a hybrid mythology. Without a guide, the corpus of British mythology can seem impenetrable. Taking advantage of the latest research, Fee and Leeming employ a unique comparative approach to map the origins and development of one of the richest folkloric traditions. Copiously illustrated with excerpts in translation from the original sources, Gods, Heroes, and Kings provides a fascinating and accessible new perspective on the history of British mythology.

Medieval Family Roles Oct 13 2020 First Published in 1999. Routledge is an imprint of Taylor & Francis, an informa company.

Kristin Lavransdatter, II: The Wife Jun 01 2022 "[Sigrid Undset] should be the next Elena Ferrante." —Slate A Penguin Classic Kristin Lavransdatter interweaves political, social, and religious history with the daily aspects of family life to create a colorful, richly detailed tapestry of Norway during the fourteenth-century. The trilogy, however, is more than a journey into the past. Undset's own life—her familiarity with Norse sagas and folklore and with a wide range of medieval literature, her experiences as a daughter, wife, and mother, and her deep religious faith—profoundly influenced her writing. Her grasp of the connections between past and present and of human nature itself, combined with the extraordinary quality of her writing, sets her works far above the genre of "historical novels." This new translation by Tina Nunnally—the first English version since Charles Archer's translation in the 1920s—captures Undset's strengths as a stylist. Nunnally, an award-winning translator, retains the natural dialog and lyrical flow of the original Norwegian, with its echoes of Old Norse legends, while deftly avoiding the stilted language and false archaisms of Archer's translation. In addition, she restores key passages left out of that edition. Undset's ability to present a meticulously accurate historical portrait without sacrificing the poetry and narrative drive of masterful storytelling was particularly significant in her homeland. Granted independence in 1905 after five hundred years of foreign domination, Norway was eager to reclaim its national history and culture. Kristin Lavransdatter became a touchstone for Undset's contemporaries, and continues to be widely read by Norwegians today. In the more than 75 years since it was first published, it has also become a favorite throughout the world. For more than seventy years, Penguin has been the leading publisher of classic literature in the English-speaking world. With more than 1,700 titles, Penguin Classics represents a global bookshelf of the best works throughout history and across genres and disciplines. Readers trust the series to provide authoritative texts enhanced by introductions and notes by distinguished scholars and contemporary authors, as well as up-to-date translations by award-winning translators.

Aristocratic Women in Ireland, 1450-1660 Feb 14 2021 An in-depth analysis of the key contribution made by the women members of this important ruling family in maintaining and advancing the family's political, landed, economic, social and religious interests.

Women & Laughter in Medieval Comic Literature Jun 28 2019 Portrays a range of medieval heroines to ascertain how humor might have been used and enjoyed by medieval women

Marriage in Ireland, 1660-1920 Aug 11 2020 Explores how marriage in Ireland was perceived, negotiated and controlled by church and state as well as by individuals across three centuries.

Laughter, Humor, and the (Un)making of Gender Jan 28 2022 Humor is the tendency of particular cognitive experiences to provoke laughter and provide amusement. Throughout history, it has played a crucial role in defining gender roles and identities. This collection offers an in-depth thematic examination of this relationship between humor and gender, spanning a variety of historical and cultural backdrops.

Commonwealth Caribbean Family Law Jul 22 2021 This important new text is the product of several years of research of the family law of fifteen Commonwealth Caribbean jurisdictions. It is the first and only legal text that comprehensively covers all the main substantive areas of spousal family law, including marriage, divorce, financial support, property rights and domestic violence. The rights of the statutory spouse in the jurisdictions of Barbados, Belize, Guyana, Jamaica, and Trinidad and Tobago are examined, thus addressing, on a jurisdictional basis, an important area of spousal family that is seldom covered in English family law texts. The book also covers the number and variations of divorce regimes applicable to the region – the matrimonial offence divorce model of Guyana and Montserrat, the English five fact model of Trinidad and Tobago, Dominica, Grenada, Anguilla, and St Vincent and the Grenadines, the hybrid model of Antigua and Barbuda, Belize and St Kitts and Nevis, and the no fault model of Jamaica and Barbados. This book will prove an indispensable resource for law students and legal academics, as well as for family law practitioners across the English-speaking Caribbean. Other professionals, including sociologists and social workers, will also find the book useful and informative.

The Mabinogion Feb 26 2022 Then they took the flowers of the oak, and the flowers of the broom, and the flowers of the meadowsweet, and from those they conjured up the fairest and most beautiful maiden that anyone had ever seen. Celtic mythology, Arthurian romance, and an intriguing interpretation of British history — these are just some of the themes embraced by the anonymous authors of the eleven tales that make up the Welsh medieval masterpiece known as the Mabinogion. They tell of Gwydion the shape-shifter, who can create a woman out of flowers; of Math the magician whose feet must lie in the lap of a virgin; of hanging a pregnant mouse and hunting a magical boar. Dragons, witches, and giants live alongside kings and heroes, and quests of honour, revenge, and love are set against the backdrop of a country struggling to retain its independence. Sioned Davies' lively translation recreates the storytelling world of medieval Wales and re-invests the tales with the power of performance.

Biblical Figures in the Islamic Faith May 20 2021 "Vicchio believes that by understanding how much Muslim tradition overlaps with the biblical traditions of Judaism and Christianity, we might begin to expose a wedge of common ground on which understanding and respect might begin to be built. "Vicchio begins with a brief introduction sketching some fundamentals of Muslim history and culture, and clearing away some common misconceptions. His main goal, however, is to give us a detailed look at the treatment of biblical figures in the literature of Islam. The broad range of his research and presentation is startling. He begins with the Qur'an but continues on to the collected writing of the roughly two hundred years after Mohammed (Hadith, Sunnah, Akhbar) that came to be regarded as authoritative in the various traditions that developed in early Islam. He then traces the interest in these biblical figures on into modern treatments of the role of these figures in Muslim scholarship and how these figures are understood and used in the traditions of Islam yet today. "The result of Vicchio's scholarship and presentation will be a revelation to most Christian and Jewish readers. It has become somewhat commonplace to refer to Judaism, Christianity, and Islam as the three Abrahamic faiths. This shows a beginning awareness of the beginnings of each of these three great religions, birthed in the Middle East, in a common ancestor, Abraham (Ibrahim). Abraham's faithfulness and his closeness to God make his a revered figure in each of these three great faiths, and for each Abraham is a beginning of the story of the particular relationship between God and the people of each of these religions." --from the Foreword
