Creative Teaching From A-Z Jan 25 2022 Creative teaching from A-Z is a hands-on guide for teachers to help them incorporate innovative learning techniques in their classroom. It includes an original test taking skills rap song, a brand new and original writing model, and reproducible pages. It is focused on language arts activities, but it also includes math, classroom management ideas, and holiday activities. Each chapter represents a letter of the alphabet and offers a unique teaching idea starting with a letter of the alphabet. The intended market for this book is the elementary school teacher, especially 3-6 grades. However, there are a few chapters that target the K-2 classrooms. There are other workbooks on the market, but this book has original ideas that students and teachers will love.

100 Ideas for Secondary Teachers: Supporting EAL Learners Jul 19 2021 From EAL experts Chris Pim and Catharine Driver come 100 ideas for providing secondary teachers with strategies and activities to support the induction, assessment and learning of students with English as an additional language (EAL) in tutor time, in specific subjects and at whole-school level. There is so much pressure on teachers to deliver engaging and innovative lessons that both adhere to the demands of the curriculum and get the necessary results. Having to plan lessons, implement strategies and create effective resources for EAL students can be a challenge, and with over 15% of secondary school students exposed to a language other than English in their home (according to 2016 data from the Department for Education), it is a challenge affecting every teacher. This book provides practical plans for giving EAL learners general support, but also includes ideas linked to specific subjects, especially key problem areas such as mathematics and science, to help EAL learners get the most out of lessons. 100

Ideas for Secondary Teachers: Supporting EAL Learners is a treasure trove of adaptable ideas to use for students who are beginners and advanced learners of EAL.

Reading to Learn in the Content Areas Sep 08 2020 With READING TO LEARN IN THE CONTENT AREAS, Eighth Edition, future educators discover how they can teach students to use reading, discussion, and writing as vehicles for learning in any discipline. The text explores how the increased availability of computers, instructional software, social media, and Internet resources--as well as the rise of electronic literacy in general--have affected the ways children learn and create meaning from their world. The authors unique lesson framework for instruction, PAR (Preparation/Assistance/Reflection), extends throughout the book. The text's reader-friendly presentation, balanced approach, strong research base, and inclusion of real-life examples from a variety of subject areas and grade levels have helped make it one of the most popular and effective books on the market. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Unlocking English Learners' Potential Jun 17 2021 A once-in-a-generation text for assisting a new generation of students Content teachers and ESOL teachers, take special note: if you're looking for a single resource to help your English learners meet the same challenging content standards as their English-proficient peers, your search is complete. Just dip into this toolbox of strategies, examples, templates, and activities from EL authorities Diane Staehr Fenner and Sydney Snyder. The best part? *Unlocking English Learners' Potential* supports teachers across all levels of experience. The question is not if English learners can succeed in today's more rigorous classrooms, but how. *Unlocking English Learners' Potential* is all about the how: How to scaffold ELs' instruction across content and grade levels How to promote ELs' oral language development and academic language How to help ELs analyze text through close reading and text-dependent questions How to build ELs' background knowledge How to design and use formative assessment with ELs Along the way, you'll build the collaboration, advocacy, and leadership skills that we all need if we're to fully support our English learners. After all, any one of us with at least one student acquiring English is now a teacher of ELs. "Schools are not intentionally equitable places for English learners to achieve, but they could be if the right system of support were put in place. Diane Staehr Fenner and Sydney Snyder recommend just such a system. Not only does it have significant potential for providing fuller access to the core curriculum, it also provides a path for teachers to travel as they navigate the individual needs of students and support their learning journeys." -Douglas Fisher, Coauthor of *Visible Learning for Literacy*

Fifty Ways to Practice Vocabulary Mar 15 2021 Without grammar, you can't say much; but without vocabulary, you can't say anything. This book is made for students of English as a Second or Foreign Language. Learning another language is never fast, but the Fifty Ways to Practice series will speed things up by showing you how to practice more efficiently and effectively both inside and outside the classroom. These books can be used by beginners and advanced students alike. You will learn 50 ways to learn, practice, and remember vocabulary in English. By applying these methods, you will improve your ability to understand and express yourself in English. You do not need to be living in an English-speaking country or be currently taking an English class to use this book. However, students who are already in a class can also use this book to improve their vocabulary more quickly and easily. The book includes suggestions for specific websites that can be used for listening practice, as well as tips for using dictionaries effectively. Categories covered include Finding and Learning New Words; Flashcards; Practicing and Remembering Vocabulary; and Vocabulary Games.

Activities for Elementary School Social Studies Feb 23 2022 According to Piaget, all higher-order thinking skills have their bases in activities involving concrete manipulation and observation. The third edition of this highly regarded collection of social studies activities continues to be based on the premise that children learn best through experiences and activities—learning by doing. It features new activities for each social studies category (geography, history, anthropology, sociology, economics, political science, and interdisciplinary). Three important new additions to the key elements of the easy-to-follow activity format make it easier for instructors to meet standards-based curriculum requirements: A detailed treatment of National Council of Social Studies standards addressed; specific multiple intelligences addressed (also reinforced by a multiple intelligences section in the back of the book); and useful Web site(s) for group/individual research (URLs for sites that will expand or enrich the learning experience for the activity). By engaging pupils in meaningful, worthwhile social studies activities, instructors can emphasize the processes of learning rather than the products, resulting in a richly rewarding experience for pupils and teacher alike.

R.E.A.D. Jan 01 2020 R.E.A.D. will help educators turn their students into strategic readers. It presents a collection of strategies based on the 5 + 2 essential elements of literacy instruction: oral language, phonemic awareness, phonics, fluency, vocabulary, comprehension, and writing. Each section contains a brief conceptual overview as well as specific strategies that can be used to facilitate the development of that literacy process. A graphic at the beginning of each strategy identifies when it should be used, the most appropriate group size, and the grade levels for which it would be most applicable. Additional references and/or other resources are also provided at the end of each strategy description to provide educators with more information.
