Growing Older On a Treadmill: Confessions of Nerdom, Beliefs, and Stagnation Dec 24 2021 Greg Belle believes that the ultimate purpose of life is to live, learn, love, work, and above all, teach. With that purpose in mind, Greg combines personal experiences with satirical commentary on the social and political issues that surround us in America and across the globe in an attempt to better the world, one reflection at a time. Greg, who one day hopes he can jump off his own treadmill and step outside his comfort zone, believes we are designed not to inflict pain, but instead to help each other and, in the process, preserve humanity. While offering his take on a wide range of topics, Greg provides a poignant glimpse into his own challenging journey through life with the intent of helping anyone who might be "stuck" and uncertain of which way to head next. Growing Older on a Treadmill shares reflections and anecdotes that encourage others to live, learn, love, work and teach, no matter what their obstacles.

Lessons of War Jan 25 2022 While information regarding children and their outlook on the war is not abundant, James Marten, through extensive research, has uncovered essays, editorials, articles, poems, games, short stories and letters that tell the story of the Civil War through the eyes of children. Lessons of War: The Civil War in Children's Magazines is a collection of such items, gathered from popular children's magazines that were published during this era. The selections in Lessons of War demonstrate the depth of children's involvement in the war, from raising funds for soldiers to incorporating the war into their play activities and eagerly accepting northern political attitudes. The era's leading children's magazines, such as The Little Pilgrim, The Little Corporal, and Student and Schoolmate, used first-person accounts to let the children of the Civil War tell their own stories. Marten's commentary illuminates the vision of the Union war effort presented to children as the nation waged war against itself. Sure to enlighten both scholars and students, Lessons of War is a valuable addition to courses on the Civil War and American social and cultural history.

Loaded Words Mar 15 2021 Asthma is a common chronic inflammatory condition of the airways which causes coughing, wheezing, shortness of breath and tightness of the chest. Asthma attacks can be triggered by exposure to allergens, physical exertion, stress, or can be aggravated as a result of common coughs and colds. Over 5 million people in the UK and over 6% of children in the US suffer from Asthma, and a recent increase in prevalence is thought to be attributed to our modern lifestyle, such the changes in housing, diet and a more hygienic environment that have developed over the past few decades. Asthma: The Facts is a practical guide to asthma, suitable for those who suffer from asthma, their families, and the health professionals that treat them. It details how a diagnosis of asthma is reached, and what treatments are available to successfully manage the condition and prevent attacks on a day-to-day basis. The book contains advice on proactive changes which can be made to lifestyles, such as avoiding allergens, as well as how to cope with an attack, and how to administer the relevant treatment effectively. The authors conclude that whilst there is currently no cure for asthma, by taking a proactive, self-directed approach to management, its impact on the patient and their lives can be significantly reduced.

Für jetzt und immer und danach Oct 10 2020 Manchmal ist das Ende erst der Anfang Mithilfe eines Computers hat Sam seine Traumfrau Meredith gefunden. Als deren Oma Livvie stirbt, versucht er sie zu trösten: Er lässt seinen Rechner aus alten E-Mails von Livvie eine neue Nachricht generieren, wie die Oma sie geschrieben haben könnte. Meredith ist begeistert! Sie will weiter mit ihrer virtuellen Livvie kommunizieren. Und sie will anderen ebenfalls die Möglichkeit bieten, auf diese Weise mit ihren geliebten Verstorbenen in Kontakt zu bleiben. Doch damit beginnen die Probleme. Und auch die tiefe Liebe zwischen Sam und Meredith steht bald vor einer gigantischen Prüfung. Sam arbeitet in einer Agentur für Onlinedating, er selbst hat die Hoffnung auf eine Freundin jedoch schon fast aufgegeben. Aber dann entwickelt er einen neuen Algorithmus, der tatsächlich den perfekten Partner für jeden errechnet. Und so findet auch Sam seine Traumfrau: Meredith. Wenig später stirbt Merediths geliebte Großmutter Livvie. Um Meredith in ihrem Kummer zu helfen, erarbeitet Sam ein neues Programm: Aus allen Briefen und Gesprächen, die Livvie über E-Mail und Video-Chat auf dem Computer hinterlassen hat, erstellt der Algorithmus eine - natürlich erfundene - letzte Mail an Meredith. Das Ergebnis ist so tröstlich, dass Sam und Meredith sogar eine Geschäftsidee daraus entwickeln: RePrise - die Firma, die letzte Gespräche mit Verstorbenen ermöglicht. Aber dann geschieht etwas Schreckliches, und Sam und Meredith drohen alles zu verlieren - selbst ihre große Liebe.

A War for the Soul of America, Second Edition Jul 19 2021 When it was published in 2015, Andrew Hartman's history of the culture wars was widely praised for its compelling and even-handed account of the way they developed and came to define American politics as the twentieth century drew to its close. Receiving nearly as much attention, however, was Hartman's declaration that the culture wars were over—and the left had won. In the wake of Trump's rise, which was driven in large part by aggressive fanning of those culture war flames, Hartman has brought A War for the Soul of America fully up to date, detailing the ways in which Trump's success, while undeniable, represents the last gasp of culture war politics—and how the reaction he has elicited can show us early signs of the very different politics to come. "As a guide to the late twentieth-century culture wars, Hartman is

unrivaled. . . . Incisive portraits of individual players in the culture wars dramas. . . . Reading Hartman sometimes feels like debriefing with friends after a raucous night out, an experience punctuated by laughter, head-scratching, and moments of regret for the excesses involved."—New Republic

A War for the Soul of America Aug 20 2021 What were the culture wars all about? Through the 1980s and 1990s, politics, art, media, schools, and the culture at large were roiled by seemingly unending public battles over gender, race, sexuality, music, and religion. A War for the Soul of America is the first full-scale intellectual history of this

period, tracing the histories and influences of key figures, institutions, publications, and alliances—from the Moral Majority and the NEA Four to Madonna and William F. Buckley. Hartman argues that these conflicts were not cynical sideshows that obscured larger economic and political revolutions; rather, he sees them as the key ways in which Americans came to terms with changing demographics, communities, and conceptions of American identity. Hartman's balanced and fair-minded assessment of the time before Fox News and Lady Gaga will change the way you look at public controversies of all kinds.

Richtigen finden? Zumindest für Jane, die Älteste, gibt es Hoffnung: Chip Bingley, der attraktive Arzt, der noch vor Kurzem als Bachelor in der Fernsehshow "Vermählung" vergeblich nach der großen Liebe suchte, zieht in die Kleinstadt. Und gleich beim ersten Zusammentreffen knistert es zwischen Chip und Jane. Doch was ist mit Liz Bennet? Chips Freund, der ungehobelte Neurochirurg Fitzwilliam Darcy ist definitiv keine Option! Dennoch scheinen die beiden nicht voneinander lassen zu können ... "Curtis Sittenfelds ‚Vermählung‘ ist eine unterhaltsame Nacherzählung des Klassikers, die Austen in Sachen Witz und Schlagfertigkeit in Nichts nachsteht. (...) Mit viel Humor und geistreichen Dialogen erforscht Sittenfeld diese privilegierte Familie voller Vorurteile und zeigt, was es heißt, reich, weiß und somit desillusioniert im heutigen Amerika zu sein." Berliner Zeitung "Niemand schreibt mit Austens besonderer Sensibilität - und niemand würde es wirklich versuchen wollen: Sie war perfekt für ihre Zeit. Aber Sittenfeld ist die ideale Autorin, um ihr Werk zu adaptieren. Ihr besonderer Reiz liegt nicht nur in ihrem klaren, sauberen Schreibstil, sondern auch in ihrer allgemeinen Belustigung über die Welt, ihren prägnanten Beobachtungen über menschliche Verhaltensweisen, Charakterzüge und Beweggründe." New York Times "Eine perfektere Kombination als Curtis Sittenfeld und Jane Austen muss man erst mal finden! Sittenfeld macht die bereits unwiderstehliche Geschichte noch faszinierender und bezaubernder." Elle "Das Buch des Sommers." The Times "Selbst der eingeschwoenste Austen-Fan wird sich von diesem Buch verführen lassen." The Oprah Magazine "Eine herausragend frische Adaption!" Publisher's Weekly

Causes of War Aug 08 2020 What causes war? How can military conflicts best be prevented? A prominent political scientist here addresses these

questions, offering ideas that will be widely debated. Stephen Van Evera frames five conditions that increase the risk of interstate war: false optimism about the likely outcome of a war, a first-strike advantage, fluctuation in the relative power of states, circumstances that allow nations to parlay one conquest into another, and circumstances that make conquest easy. According to Van Evera, all but one of these conditions—false optimism—rarely occur today, but policymakers often erroneously believe in their existence. He argues that these misperceptions are responsible for many modern wars, and explores both World Wars, the Korean War, and the 1967 Mideast War as test cases. Finally, he assesses the possibility of nuclear war by applying all five hypotheses to its potential onset. Van Evera's book demonstrates that ideas from the Realist paradigm can offer strong explanations for international conflict and valuable prescriptions for its control.
