The Sacred Network Oct 25 2021 How sacred sites amplify the energies of consciousness, the earth, and the universe • Examines the web of geometrical patterns linking sacred sites

worldwide, with special focus on the sacred network of ley lines in Paris • Unveils the coming state of shared consciousness for humanity fueled by the sacred network • Reveals how consciousness is a tangible form of energy First marked by the standing stones of our megalithic ancestors, the world's sacred sites are not only places of spiritual energy but also hubs of cosmic energy and earthly energy. Generation upon generation has recognized the power of these sites, with the result that each dominant culture builds their religious structures on the same spots--the Cathedral of Notre Dame in Paris, for example, was constructed over a Temple to Diana that in turn had been built over a stone pillar worshipped by the Gauls. In *The Sacred Network*, Chris Hardy shows how the world's sacred sites coincide with the intersections of energetic waves from the earth's geomagnetic field and how--via their megaliths, temples, and steeples--these sites act as antennae for the energies of the cosmos. Delving deeply in to Paris's sacred network, she also explores the intricate geometrical patterns created by the alignments of churches and monuments, such as pentagrams and Stars of David. Revealing that consciousness is a tangible energy, she explains how the sacred network is fueling an 8,000-year evolutionary cycle initiated by our megalithic ancestors that will soon culminate in a new state of shared consciousness for humanity.

Shamanism and the Mystery Lines May 08 2020 All archaic landscape lines are, in essence, spirit lines. Within us all we hold a blueprint of this spiritual earth and of the ancient shamanic power of magical flight. If we could only find the wellsprings of the psyche and translate these timeless patterns from our minds to the physical earth, then we too could learn to experience the reality behind the straight line mystery. Once again, we would allow the spiritual earth to lead the way in our personal growth and transformation. We need to bring this out-of-body state from its cultural exile and give it the much greater attention it deserves.

London's Ley Lines Pathways of Enlightenment Jan 28 2022 Leys are as elusive as beams of starlight. They are everywhere, you just can't see them. They may be compared to the hidden knowledge of a secret tradition. On public display and freely available to those in the know. Invisible and unsuspected by those who aren't. Thus the ancient wisdom at the basis of leys is encoded within the land for future generations to discover anew, if they possess the vision. London's leys can lead you to magical places, to the soul of the city and to an understanding of the hidden unity which connects our ancient sacred sites to each other and also links our spiritual dimensions to theirs. To our ancestors these locations were places of the gods, places of healing, places of power, places of vision initiation, inspiration and revelation. They still are.

Mysterious numbers and strange sequences appear throughout the history of human experience. What do they mean? What secrets do they keep? Are these wake-up calls to a higher state of consciousness, triggers of paranormal experiences, or the activation of what some scientists refer to as "junk DNA"? In this fascinating new work, You'll learn about: Number-based patterns in nature--such as the Fibonacci spiral, the golden ratio, and DNA sequences--and the secrets of sacred geometry. Synchronicity: The science behind coincidences and what they might be trying to tell us. How the entire universe can be condensed into a handful of mathematical numbers and equations. The power of numerology in human lives. Is God a number? How numbers relate to the creative force behind all reality. We live according to times, dates, and numbers, and 11:11 The Time Prompt Phenomenon will explore the mysteries of 11:11 and the many other ways in which numbers compose the very foundation of our reality.

Ley Lines of the UK and USA Nov 06 2022 Since the Stone Age our ancestors have tapped into the natural energies of the planet, building stone circles, standing stones, pyramids and temples in a highly evolved and brilliantly executed network of energy centers around the world. Thousands of years later, this ancient knowledge was brutally suppressed by the early Catholic church and ignored by science. But it still lingered on, kept by such secret societies as the Knights Templar and the Masons, who designed buildings and whole cities incorporating this esoteric knowledge, hidden in plan view. Here, Cowan brings together his own extensive work with the findings of other researchers, and reveals his discovery that the energy lines emanate from volcanic sources that spew out natural telluric energies in all directions, like the spokes of a wheel! Chapters include: Megalithic Engineering; Burial Grounds across Scotland; Following a Straight Ley Line to its Source; Saint Columba and Iona; The Royal Triangle of Great Britain; The Strange Behavior of Ley Lines; The Dance of the Dragon; Ley Lines in the USA; The Secret Knowledge of the Freemasons; Spirit Paths; The Occult Knowledge of the Nazis; How to Use Diving Rods; The Amazing Power of the Maze; more. Tons of illustrations, all in color!

Ley Lines and Earth Energies Oct 05 2022 This exploration shows how natural forces affect our behavior, how they can be used to enhance our health and well being, and ultimately, how they bring us closer to penetrating one of the deepest mysteries being explored.

Ley Lines Sep 11 2020 Vamilion tried to slip the noose around her slender neck, but the rope was too short. Hurriedly he found a book and added it to the height of the stool. She stepped up higher and her horrified executioner tugged the rope tight under her chin. He dare not look at her, for the spell would strike him. Instead, he subtly slipped the magic stone into the hands tied behind her back. "When you fall, wish with all your might for the ropes to break. Then, Gailin, run for your life." She tried to look down at the hangman at that startling message, but it was too late. He kicked the stool out from under her feet and ran. Thus begins the next saga in the Wise Ones series. New pawns introduced to magic and manipulation in a game they do not even know they are playing; the game of the Ley Lines.
