Suitable for all National / State Level Olympiad exams and Talent Search Examinations like NSTSE, SLSTSE, Science Olympiad, Maths Olympiad, NTSE etc.

Profession: Chessplayer Nov 30 2019 A True Professional From his childhood, Vladimir Tukmakov realized that there was something special about his ability to play chess. He had it all - talent, skill and motivation. After winning many junior and student tournaments, he went on to play in fourteen Soviet championships at a time when these were considered some of the most powerful competitions in the world. You are now invited to join the author in a very personal autobiographical journey, as he traces his development from one of many gifted chessplaying children to a powerful international grandmaster, a member of the world's chess elite. For Tukmakov, chess was more than just a hobby or passion - it was his profession. From talented boy and strong grandmaster to twice leading the Ukrainian team to gold medals in the 2004 and 2010 Olympiads, Tukmakov's story is a fascinating glimpse into the "golden era" of the Soviet School of Chess, and the trials and tribulations of individual will and genius. Included are dozens of photographs and over 40 deeply annotated games against some of the strongest chessplayers in the world.

Asian Physics Olympiad (1st - 8th) Oct 02 2022 This work compiles the test problems and solutions from the 1st through the 8th Asian Physics Olympiad. The book is suitable for both students and teachers of international competition training as well as middle school student contestants.

National Science Olympiad - Class 8 (With CD) Sep 08 2020 A beautiful translation of the classic sanskrit book. World famous story books series which is based on the lives and times of jungle animals. #v&spublishers

Najdorf x Najdorf Jan 25 2022 “Chess, easy game!” – Miguel el Grande Among major chess figures of the 20th century, few stand out more than Miguel Najdorf. One of the world’s best players for decades, he was also one of the most active and colorful. And his life, both at the chessboard and away from it, was rich in experience, both joyful and deeply painful. In this biography, Najdorf’s daughter Liliana paints an intimate portrait of her larger-than life father. She writes about him, warts and all, showing us her father as a man both greatly talented and deeply flawed, a man at once loving and rage-prone, noble and petty, generous and selfish, jovial but despotic, earthy but vain, exuberant yet deeply sad. A genius who could conduct 40 blindfold games simultaneously and memorize long strings of random numbers, yet forgot where he parked his car. For the English-language edition, Dutch grandmaster Jan Timman has prepared a selection of annotated games and an in-depth foreword. These are complemented nicely by several historical essays, while many photographs round out this engrossing biography of one of the world’s most fascinating chessplayers of the 20th century.

NTSE-NMMS/ OLYMPIADS Champs Class 8 Science/ Social Science Volume 1 Jan 01 2020 The "NTSE-NMMS/ OLYMPIADS Champs Class 8 Science/ Social Science " is a thoroughly revised & comprehensive book written exclusively for class 8 students and covers syllabus of classes 6, 7 & 8. The book provides learning of all the concepts involved in the syllabus of NTSE/ NMMS/ OLYMPIADS exams. The book covers the 2 sections conducted in these examination – Science and Social Science. Salient features of the book: • The book is prepared on content based on National Curriculum Framework prescribed by NCERT. All the text books, syllabi and teaching practices within the education programs in India must follow NCF. Hence, NTSE-NMMS/ OLYMPIADS Champs become an ideal book not only for the NTSE-NMMS/ OLYMPIAD Exams but also for strengthening the concepts of the relevant class. • The Science section has been divided into 3 parts - Physics, Chemistry and Biology. There are 10 chapters in Physics, 6 in Chemistry and 7 in Biology as per the syllabus of the NTSE/ NMMS/ OLYMPIADS exams. • The Social Science section has also been divided into 3 parts - History, Civics and Geography. There are 13 chapters in History, 9 in Geography and 8 in Civics as per the syllabus of the NTSE/ NMMS/ OLYMPIADS exams. • The book provides sufficient point-wise theory, solved examples followed by FULLY SOLVED exercises in 2 levels. • The book has the most comprehensive coverage as per the latest syllabus of class 6, 7 & 8. • Maps, Diagrams and Tables to stimulate the thinking ability of the student. • The book also contains very similar questions to what have been asked in the previous NTSE/ NMMS/ OLYMPIADS examinations of Class 8. • There is an exhaustive range of thought provoking questions in MCQ format to test the student's knowledge thoroughly. The questions are designed so as to test the knowledge, comprehension, evaluation, analytical and application skills. Solutions and explanations are provided for all questions. • The book covers new variety of Multiple Choice questions - Passage Based, Assertion-Reason, Matching, Definition based, Feature Based, Diagram Based and Integer Answer Questions. • The book will act as a quick revision of the complete syllabus of class 8.

Asian Physics Olympiad (1st - 8th) Nov 03 2022 This book compiles all of the test problems and solutions from the 1st through the 8th Asian Physics Olympiad. Test questions of every paper consist of two parts, a theory section and an experiment section, before which minutes of teams and results of each competition are introduced. It is a rather desirable reference book for both students and teachers of international competition training as well as middle school student contestants.

Chronology of the Hebrew Bible Feb 11 2021 Mr. Robert Paul Killians avid interest in biblical chronology has a history of over seventy years. The Killian family had visited the Natural History Museum and the La Brea Tar Pit in the Los Angeles area before his seventh birthday in June of 1939. Later, when the Killian family moved from Los Angeles to Grants Pass, Oregon, in early 1945, Bob continued to indulge his curiosity in the study of the biblical stories. He had enlisted in the US Navy Reserve during his last year at Grants Pass High School, graduating with the Class of 50. He then volunteered for two years active duty in the US Navy in late summer of 1951 to serve in the Korean Conflict. When that war ended in June of 1953, he was honorably discharged and chose to serve with the Grants Pass Naval Reserve Program for a total of eight years. That choice resulted in his being awarded a second honorable discharge from the US Naval Reserve in 1958.

My Best Games of Chess Jul 31 2022 The Genius of Alekhine In chess literature, there have only been a very few chess books that have immediately - and permanently - established themselves as classics. Lasker's Manual of Chess by Emanuel Lasker, Masters of the Chessboard by Richard Réti and Dvoretsky's Endgame Manual by Mark Dvoretsky are three that come to mind. There are of course others, among them My Best Games of Chess, 1908-1937 by the fourth world chess champion, Alexander Alekhine. The original English edition, published three-quarters of a century ago, used English descriptive notation, contained one photograph, no crosstables and was released in two separate volumes. This new 21st-century edition, presented with modern algebraic notation, has combined both books into a single volume, added more than three dozen archival photographs, crosstables, Alekhine's complete match and tournament records, a foreword by Russian grandmaster Igor Zaitsev, as well as many more diagrams. A comprehensive computer-assisted analytical supplement has also been prepared and is available for download at no extra charge, so that, if you wish, you may compare Alekhine's impressive notes with the preferences of the silicon monster. Whether you feel as if you are revisiting an old friend, or being introduced to this splendid game collection for the first time, you will marvel at how Alekhine's games and works remain in many respects extraordinarily consonant with the modern approach. And you will not fail to be impressed by the genuine genius that is Alekhine.

Olympiad Champs Science Class 8 with Past Olympiad Questions 3rd Edition Mar 15 2021 The thoroughly Revised & Updated 3rd Edition of "Olympiad Champs Science Class 8 with Past Olympiad Questions" is a complete preparatory book not only for Olympiad but also for Class 8 Science. The book is prepared on content based on National Curriculum Framework prescribed by NCERT. This new edition has been empowered with Past Questions from various Olympiad Exams like NSO, IOS, GTSE, etc. in both the exercises of every chapter. Further the book Provides engaging content with the help of Teasers, Do You Know, Amazing Facts & Illustrations, which enriches the reading experience for the children. The questions are divided into two levels Level 1 and Level 2. The first level, Level 1, is the beginner's level which comprises of questions like fillers, analogy and odd one out.
